

E8 Swing Gate System

E8 Swing Gate System is developed for swing type gate which consists of one pair of motor, control box, remote control and main panel. No release key needed and it can be pull and push freely either when power failure or power supplied. No leaking will occur as grease applied to the system. It has long serve life and low noise operation to support comfortable use. Adjustable high speed operation following by low speed stop give you evidence of the lifetime and quality.

| Specification | |
|-------------------------------|--|
| Supply Voltage | AC 220-240V , 50HZ Single Phase |
| Motor Power Supply | DC 12-24V Direct Current |
| Power Consumption | 25 Watt Per Actuator |
| Motor Rated Load Speed | 4750 RPM |
| Insulation Resistance | 1.5 Mega Ohm |
| Closing Speed (from 90 Angle) | 6 - 8 Seconds |
| Max. Leaf Opening Angle | 180° |
| Max. Leaf Weight Allowable | 200 Kg |
| Casing | Waterproof and Rust Resistant Cast (Alloy) |
| Trust Force | 50 Kg |
| External Dimensions | 255mm x 240mm x 125mm |
